

Strategies for Youth Youth Services App

Getting youth and families the help they need fast.

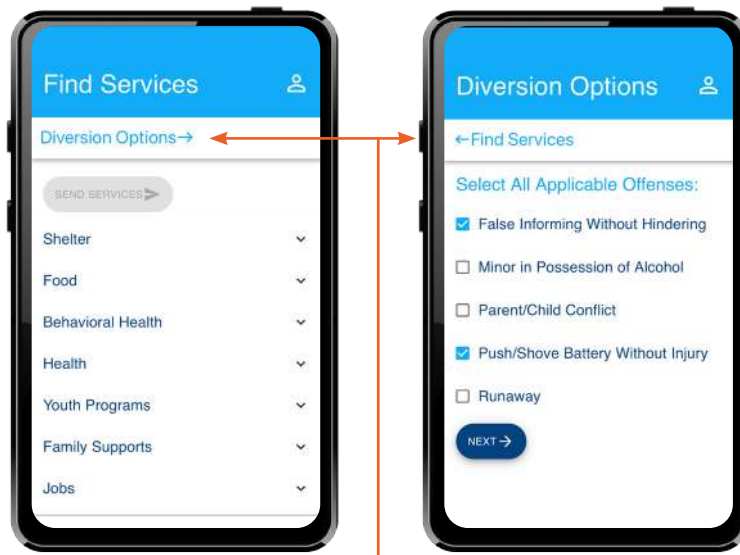

Resource Information at your finger tips, fast, when you need it most.

So many calls for service to law enforcement can easily be cleared by helping families and youth find the help they need. The *Youth Services App (YSApp)* from Strategies for Youth equips officers with easy access to **local resources** to make that happen fast.

The YSApp is customized for your jurisdiction. It equips officers with up-to-date categorized lists of services for youth and families. Officers can quickly review and choose the services that meet a youth's needs and text an information-rich referral or, when appropriate, coordinate a "warm handoff."

SERVICES

- ▶ Custom service categories for your jurisdiction
- ▶ Secure text and email
- ▶ Officer's information kept private
- ▶ How it works
 1. Select a service category
 2. Select a service provider in that category
 3. Send service referral to youth and family
- ▶ Service info provided:
 - Services offered
 - Hours of operation
 - Address and distance from your location
 - Directions with public transit options
 - Website link
 - Eligibility requirements
 - Next steps for accessing services

Toggle between Services and Diversion

New!

Diversion referral feature.

DIVERSION

- ▶ Specific divertible offenses for your jurisdiction
- ▶ Secure email to Diversion Services
- ▶ How it works
 1. Select the applicable offenses
 2. Capture contact information
 3. Send secure email to Diversion Services
- ▶ Diversion request includes:
 - Youth name and DOB
 - Guardian or caretaker contact information
 - Description and map of offense location
 - Optional note
 - Officer contact information
